In accordance with Minnesota state law, Minnetonka Public Schools conducts Early Childhood Screening to assist parents and communities in improving the health of Minnesota children and in planning educational and health programs. To ensure identification of risk factors that may influence learning, the elements of screening include the following areas:

- Immunization assessment
- Developmental screening to assess cognitive, fine and gross motor skills; speech and language; social-emotional behavior; and self-help skills
- Hearing and vision
- Height and weight
- Health history
- Summary interview
