

Mary Callahan, Learning Lab Coordinator

My name is Mary Callahan and I am the new coordinator for the ADHD Learning Lab. I have been a Special Education Teacher at Minnetonka Middle School West since the spring of 2009. Additionally, I am the department chair for the special education department. I work with students with various disabilities ranging from Autism, Emotional/Behavioral Disorders, Learning Disabilities, and Other Health Impairments in grades 6 through 8. A passion area of mine is working with students who are impacted with ADHD. Several of my family members have ADHD, which initially led to my interest in supporting students manage their challenges and to learn strategies to build their success in the classroom. I look forward to meeting all students and parents. Please reach out to me if you have any questions or concerns.
